

THE SOUTH BAY DEMENTIA EDUCATION
CONSORTIUM PRESENTS:

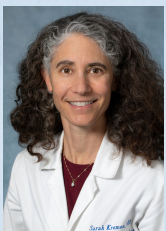

Beyond Alzheimer's: The Other Types of Dementias

Thursday, May 19, 2022 | 3pm - 4:30pm | Zoom

While Alzheimer's Disease is the most common form of dementia, it is not the only kind. This presentation will discuss other forms of dementia, such as Vascular Dementia, Dementia with Lewy Bodies, and Frontotemporal Dementia, and how they differ from Alzheimer's in progression, treatment, and diagnosis.

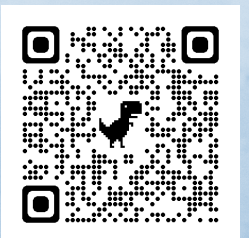

Kevin Bickart is an assistant professor in neurology at UCLA who completed his MD/PhD in anatomy and neurobiology from Boston University School of Medicine, post-doc at Northeastern and Harvard Universities, and residency in neurology at Stanford.

Dr. Sarah Kremen is a behavioral neurologist and the Director of the Neurobehavior Program at the Jona Goldrich Center for Alzheimer's and Memory Disorders at Cedar-Sinai Medical Center. She completed her residency in neurology at UCLA and her fellowship training in Behavioral Neurology and Neuropsychiatry at the Greater Los Angeles VA Medical Center.
