

MindUP Booster Lesson

Lesson B: Mindful Listening

Grades 2 – 3

Length of Lesson: Approx. 10 minutes

Objective of Lesson B: Students develop focus and awareness by becoming more mindful of what is happening at the present moment. Through an auditory awareness activity, students sharpen their attention and use sensory experiences to enhance memory, problem solving, relationships, creativity and physical performance.

Lesson Overview

1. Exploring Mindful Listening
2. Anchor Breath (breathing exercise)
3. Guess that Sound (mindful listening activity)
4. Wrap Up

Lesson Materials:

- Student handout
- Writing utensil (pencil or pen)

Preparation: Have child in a space with a flat surface for writing and that is calm and quiet.

For Parent Review:

- **Mindful activities help** train the prefrontal cortex to pay attention, absorb details and think clearly.
- **Having a calm state of mind can** increase our ability to focus and complete tasks because our brain is ready to learn and allows us to have a calm and mindful response.
- **Mindful Listening helps us** choose which sounds to focus our attention on and be thoughtful in the way we hear and respond to the words of others.
- **Mindful Listening can assist** with following directions, building friendships and listening well.
