REDONDO BEACH, Calif. (July 23, 2024) – Beach Cities Health District (BCHD) is asking residents of Hermosa Beach, Manhattan Beach and Redondo Beach to take its triennial Community Health Survey to better understand local health needs, which guide its health priorities, programs and service offerings.

The online community- and individual-level questionnaire captures zip code-specific information and unique perspectives of community members regarding their health. This information and specific data indicators will be used to compile BCHD's 2025-28 Community Health Report, which provides district-specific (Hermosa Beach, Manhattan Beach and Redondo Beach) health information.

The survey also guides the selection of BCHD's Health Priorities, which help determine the health programs and services that will be offered in response to community needs.

"The Community Health Survey provides direct community feedback and helps us engage with our residents, delivering important data to ensure our programs best serve our community," said BCHD CEO Tom Bakaly. "We are grateful to the many residents who take the time to complete our health survey and help guide our decision-making process to deliver health services that meet their needs."

BCHD administers the survey and produces its Community Health Report every three years. The report also includes indicators from the United States Census, Gallup National Well-Being Index, California Healthy Kids Survey, California Health Interview Survey, Southern California Association of Governments Reports, and Los Angeles County Health Survey.

Residents are encouraged to complete the survey to ensure their health needs are considered when BCHD determines its health priorities. **Please visit <https://www.bchd.org/healthsurvey> to take the survey.** The last day to complete the survey is Friday, August 23. The survey takes about 20 minutes to complete.

About Beach Cities Health District

Beach Cities Health District (BCHD), named the 2021 "Healthcare District of the Year" by the Association of California Healthcare Districts, is focused on preventive health and serves the communities of Hermosa Beach, Manhattan Beach and Redondo Beach. Established in 1955 as a public agency, it offers an extensive range of dynamic health and wellness programs, with innovative services and facilities to promote health and prevent diseases across the lifespan. BCHD also operates allcove Beach Cities, a youth mental health center for ages 12-25, AdventurePlex, a health and fitness facility where kids play their way to good health, and the Center for Health & Fitness, a comprehensive fitness center that is one of just two Medical Fitness Association-certified facilities in California. Visit www.bchd.org or call (310) 374-3426 for more information.
