

PFDS 101

The Basics of Pelvic Floor Disorders.

A discussion with a local board-certified urogynecologist/reconstructive pelvic surgeon regarding female pelvic floor disorders and the latest treatment options. Discover simple treatments to get your quality of life back... you do NOT have to live with it!

Dr. Melanie Santos is Board Certified in Urogynecology and Reconstructive Pelvic Surgery. Dr. Santos specializes in helping women with pelvic floor disorders, including pelvic organ prolapse, bladder and bowel dysfunction, and incontinence.
