

# PEOPLE BINGO

**Initiate Conversations:** Find common connections and learn new things. Push through any hesitation and be open to starting conversations with others. A simple smile or friendly conversation can go a long way. You can strengthen personal connections and positively influence others. Assume that people like you — they probably do!

To fill your People Bingo card, find someone in the group that identifies with a statement box on your sheet. Write their name in the corresponding box. Each person can only fulfill one box on your sheet. You can sign their card for a statement box that you identify with too! When you have filled all the boxes, shout "BINGO!"

Loves to draw or paint	Has more than 3 siblings	Plans vacations years in advance	Enjoys the beach	Thinks the book is always better than the movie
